

**Book ASAP, Places limited!**

## Local Bus Tour around the Tasman Peninsula

# Visiting a variety of Energy Efficient Homes

**Be inspired by others who have made changes to reduce energy and save money!**

Jump on the bus to visit local properties and see how the owners have incorporated money and energy saving ideas into their homes, as well as the recent lighting upgrade at the Tasman Civic Centre. The tour will look at wind and solar power, LED technology, design element to utilise solar energy and other energy saving options. The tour will finish with lunch at the Hub a look at the Tasman Eco Village project, before stopping back at the Tasman Community House.

Special guests **Beachouse Architecture** will show us through a local project they were involved with, a renovated chicken shed, transformed into a light and airy energy-efficient living space!

**A must for anyone who lives in a house, pays the power bill or is thinking of building or renovating !**
